Gary,

Attached is the weekly updated for the Falcon Refinery. All liquids have been removed from Tank 7, there is some sludge and paraffin that are solid that still require removal. The butane tank is empty and waste from Tank 21 has been sent to US Ecology. We have contacted the carbon manufacturer and are scheduling the installation of the irrigation system.

which may be a computer program. This attached computer program could
contain a computer virus which could cause harm to EPA's computers,
network, and data. The attachment has been deleted.

This was done to limit the distribution of computer viruses introduced
into the EPA network. EPA is deleting all computer program attachments
sent from the Internet into the agency via Email.

If the message sender is known and the attachment was legitimate, you
should contact the sender and request that they rename the file name
extension and resend the Email with the renamed attachment. After
receiving the revised Email, containing the renamed attachment, you can
rename the file extension to its correct name.

For further information, please contact the EPA Call Center at
(866) 411-4EPA (4372). The TDD number is (866) 489-4900.
